

Dear Mr Chung Ung,

This is to inform you of my decision to resign with immediate effect from my positions as ITF Vice President , and Executive Board member.

The reason is that I want to stay a neutral ITF Grandmaster, with all the divided ITF groups; I freely can communicate with all the groups for contributing in unifying ITF Taekwondo. Furthermore, which lead to One Taekwon-Do in the world (ITF and WTF).

As a Pioneer, and one of the original ITF Taekwon-Do grandmasters, my vision is to unify ITF, in order to achieve a One Taekwon-Do in the world as per General Choi's last wishes which is: Unconditionally ITF and WTF should unify", it will contribute to the world's Taekwondo families among each other for Brotherhood, Peace and Harmony.

I hope that this letter explained well the reasons for my resignation.

Sincerely yours

Grandmaster Jong Soo Park

To Mr Ri Yong Son,

Referring to your letter sent to all ITF members with regards to my resignation, I would like to follow up with this letter.

It seems to me that you did not read well my resignation. I did not resigned from the ITF, but from my position in the Chung Ung group of ITF. you can not suspend my ITF membership because you are ITF Chung Ung group only, because your group is not representing the whole of ITF, unfortunately at this moment, your group lost in Vienna Courts for the Original ITF dispute legality by plaintiff ITF Tran Quan group.

As a Pioneer of Taekwon-Do, and one of the Founding members of ITF and Original Grandmaster of ITF, I followed the late Founder of Taekwon-Do and President of ITF General Choi's last wishes.

I am fulfilling his wishes to my best, with passion and determination, unfortunately you the Chung Ung group HQ were nothing but disappointment for me and the world ITF community.

You have changed the ITF Constitution without presenting it to the General Congress Meeting, and without their approval

a) Election and Executive Board due date of their duties

b) Change consultative Council: Consultative Council is elected by members in during the General Congress meeting, and their represent for ITF members and their mandate is for 7 years, this is absolutely a democratic practice. in Chung Ung group it was changed , as a sub-committee that they are appointed by the President as an advisor for President, which makes this a fully powerful ITF President with a dictatorship.

c) Chung Ung has promised to the members to merge with the WTF, and the ITF members will go to the Olympic Games.

8 years later we find that ITF Chung Ung group is isolated and not recognised by any of the international Sport community eg. IOC, GAISF, CISM.

d) ITF Chung Ung group is operating without a Democratic policy, and use the method of "divide and control" therefore all of the NGBs and members are suffering from this.

I will carry on my hard work for the unification of all ITF groups with a win-win policy for the benefit of all.

I am sorry that I am writing this unpleasant letter but you have left me no choice.

Grandmaster Jong Soo Park
